NORTHERN

## **From Monday 26 October 2020, we are reintroducing a train service between Manchester Piccadilly and Rose Hill.**

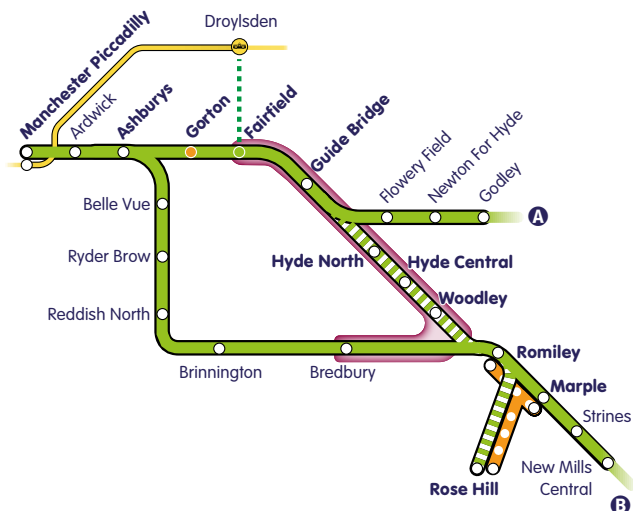

The train service to and from Rose Hill was temporarily suspended in September due to the challenges we have faced as a result of the COVID-19 pandemic.

Many organisations have faced difficulties due to COVID-19 and the railway is no exception. During the pandemic, training programmes were paused and there was an urgent need to begin this training again to enable us to provide a reliable and resilient railway service across Greater Manchester and beyond in the future.

Train operators have now been able to recommence training and through this, we have been able to restore a 90-minute timetable between **Manchester Piccadilly and Rose Hill, Mondays to Saturdays.**

Gorton, in addition to the re-introduced Manchester to Rose Hill service, will continue to be served by the **Manchester to Hadfield and Glossop services.**

We will continue to run the **Ring and Ride pre-bookable taxi service** and, between the hours of 1800 and 2100, a **shuttle bus service** in the Marple area.

-  Train service running every 90 minutes.
-  Ring and Ride bookable taxi service for rail ticket holders only.
-  Evening shuttle bus between Rose Hill, Marple and Romiley stations.
-  Other train services:
  - A** To/from Hadfield/Glossop.
  - B** To/from Sheffield via The Hope Valley.
-  Gorton station - served also by Manchester to Hadfield/Glossop services.
-  Fairfield station - Rose Hill service call, with the Droylsden Metrolink stop option still available.
-  Metrolink - rail tickets valid between City Centre stops and Droylsden only.
-  Rail-Bus multimodal tickets such as System One Travelcards and PlusBus are available to use on public bus services.

Ticket acceptance will also remain valid **on Metrolink services between Manchester City Zone stations to Droylsden** for customers travelling between Manchester and Fairfield.

Inside this leaflet you can find your new timetable, together with the evening shuttle bus times and a reminder of how to use the Ring and Ride pre-bookable taxi service.

Thank you for your continued patience and understanding during these challenging times. We look forward to welcoming you back onboard!

Train service

Shuttle bus service

Metrolink Interchange

Monday to Friday only

Saturday only

In addition to the shuttle bus service, the pre-bookable Ring and Ride taxi service will also be available for customers.

The Ring and Ride service should only be booked where a train service is not available, for customer journeys that start or finish at:

- **Hyde North**
- **Hyde Central**
- **Woodley**.

### Is there a timetable for the Ring and Ride service?

No - simply pre-book your journey as and when you require the service.

### How do I book the Ring and Ride service?

If you are at the station, use the **station help point** or you can book your journey by calling our **Customer Helpline on 0800 200 6060** up to an hour before you travel.

## Who can use the Ring and Ride service?

Any customer with a valid rail ticket, bought via the app, at station ticket offices and vending machines.

SystemOne Travelcards with rail travel will also be accepted. TfGM Disabled and TfGM Concessionary passes with rail travel added also accepted during normal pass travel hours.

## Where do I catch the Ring and Ride taxi service from?

The Ring and Ride service is not a door-to-door service, and therefore will only stop to pick up/set down at the stations as follows:

- **Fairfield** - station entrance on Booth Road
- **Guide Bridge** - station car park by platform 1
- **Hyde North** - station car park by platform 1
- **Hyde Central** - the station entrance at Great Norbury Street
- **Woodley** - the station entrance on the A627 by the poster boards
- **Bredbury** - the station entrance by platform 1
- **Romiley** - the station entrance on Stockport Road
- **Rose Hill** - the station car park.

Please make sure that you are at the designated pick-up point in plenty of time.

## Will the train wait for me if the Ring and Ride taxi gets stuck in traffic?

No - unfortunately, this is not possible and you will need to get the next available train service. Please ensure that you submit a delay repay claim in the event that this happens.

## Will the Ring and Ride taxi wait for the train service?

Yes, as when you are booking a journey from a train service, we will ask you which train you are on in order to book the service for five minutes after your arrival at the interchange station of either **Guide Bridge** (for Fairfield / Hyde stations) or **Bredbury** (for Woodley).
